However, to get this notification, such as the school having a delayed opening because of ice, you must enter your phone number in your Edline account. Below are instructions on how to add your phone number. Log on to your Edline account. On the left menu select My Account, and then select Manage Account. Then click on add Voice Phone number. Enter your phone number with spaces (555 555 5555). If you wish to receive text messages, click on add a phone number for text messages and follow the same process. If you have any questions, please call Debera Hall at 817-641-6626. We hope this feature will be useful to keep you informed in a timely fashion.
